Transition Week

Our school year is quickly coming to an end and we will sadly say goodbye to some of our friends. During the week of June 12th some new friends will be transitioning into our program, and many children who are currently enrolled will be transitioning to the next age group. We call this our transition week so the children can slowly adapt to their new groups.

Funny Things Kids Say

Jake F. " I counted all the way to a billion."
Out loud during quiet time.
When asking the children if they made their estimations, Emmalyne yelled out, "I need to do my imagination!"

Toddler/Transitional News

During the month of June the toddlers will be welcoming some new friends, as well as saying goodbye to our older toddlers who will be transitioning on to the next group.

The toddlers will be exploring ocean animals. They will be looking at pictures of the beach and ocean to see what neat things they can find by the water! Also, the toddlers will create a sea creature book!

Colors of the month: Black and White

Shape: Heart

The toddlers are very excited to start water play!

Preschool News

The Honeybees will be focusing on zoo animals during the last few weeks of the school year. The children will learn about zoo keepers, create zoo animals and their habitats.

For math the honeybees will continue to work on sorting objects by common attributes and patterning.

Miss Pam and Miss Michaela would like to thank all of our families for a wonderful school year.

Happy Summer!

Pre-Kindergarten News

The end of the school year is upon us and we are looking forward to the summer months. During the month of June we will have a lot of review: patterns and sorting in Math, sounds in Literacy, carrying out investigations in Science and increasing our vocabulary in Language Development.

We will be sad to see some of our friends leave us. Yet we know that they have what it takes to have what it takes to have a successful Kindergarten year!

Enjoy your summer!
