Late Pick-Ups

We have had a huge increase in late pick-up of children (after 5:30pm). This is causing a hardship on our closing staff. Because of this, we will be strictly enforcing our policy on late pick-up. Any family leaving Breezy Knoll after 5:30pm will be charged \$2.00 per minute (per child). The closing staff will be handing out a slip with the charge which will be due the next day your child attends.

We thank you in advance for your understanding in this matter.

Transition Week in June

During the 3rd to 4th week of June will be our transition weeks. We will be sadly saying goodbye to friends who are moving on to Kindergarten, while saying hello to some new friends. Julia will send notices out to the families whose child will be transitioning to the next group. If you have any questions please see Julia or April.

Breezy Knoll Water bottles

We will be handing out Breezy Knoll Water Bottles for our summer camp. Please be sure to label it with your child's name and to fill it up with fresh water each day your child attends. It is important to keep your little one hydrated in the warmer weather

Fundraising Earnings

We put the proceeds from our fundraiser toward new rugs in the main room! For our outside play yards; we ordered 3 picnic tables and all new toy bins with covers for all the yards. Also, we purchased new puzzles and manipulatives. We want to thank all of our families who participated in our fundraising!

Please remember to apply sunscreen and/or insect repellent to your child before arriving at Breezy Knoll. We will reapply in the afternoon. Also, we just want to give you a heads up that the May flies are out.

Sunscreen

If you would like us to apply Breezy Knoll's sunscreen in the afternoons (Think Baby SPF 50), please make a payment of \$12.00 for full time children or \$6.00 for part time (a notice has been sent out).

Breezy Knoll's Sunscreen Policy: Breezy Knoll has instituted the following policy. Aerosol/spray sunscreens pose serious inhalation risks to children. We have taken into consideration several of our full-time students with asthma, as well as the general population. Therefore we will be asking that aerosol and spray sunscreens **NOT** be used at Breezy Knoll.

Mosquito & Tick Services May-October

Big Blue Bug Solutions will be treating Breezy Knoll's play yards (perimeters). They will be using professional products to reduce biting Mosquito and Tick populations by treating the resting and breeding sites selected by Big Blue Bug. This will start in May and end in October.
